Tired and unshaven United States infantrymen sprawl along rocky roadside and on ration boxes in South Korea to grab what sleep they can. Rifles are ready for use if necessary. This picture was made by Photographer Carl Mydans of Life Magazine.

Small Chance Seen For Boost on Taxes

George Says January Will Be Soon Enough for Any Action

Washington, July 13 (AP)—Chairman George (D-Ga.) of the Senate Finance Committee said today he sees no prospect of increasing federal taxes at the present session of Congress, even though the Korean situation worsens.

"There will be plenty time for that in January, if the need arises," he said.

George formally announced the indefinite suspension of work on the House-passed \$1,000,000,000 excise tax slashing bill, but he did not write off entirely the chance of some action later on this legislation.

He summed up the situation for newsmen as his Finance Committee concluded public hearings on the House bill.

Military leaders asked the Senate Appropriations Committee for a \$1,900,000 increase in funds to boost the strength of the national guard.

Senator Hayden (D-Ariz.) and Maybank (D-S.C.) said the committee decided to wait until President Truman submits an expected request for additional military funds for the Korean fighting before acting on the national guard item.

The decision to put the tax cutting bill aside came, George said, after Secretary of the Treasury Snyder, following a conference with the President, advised him that it would not be prudent to cut taxes at this time, in view of the Korean situation.

The United States Chamber of Commerce, national organization of businessmen, applauded the decision to put the bill aside, and the possibility of higher—not lower—taxes, if things "turn for the worse" in Korea.

Hoarding Threatens Food

Frankfurt, Germany, July 13 (AP)—War Jitters West Germans are threatening West Germany's food supply by hoarding oil, fats and sugar, Duesseldorf, the wholesale trade organization for dairy products, said today, warning that the Korean war, had created a "difficult situation" in the fat market. It was hoped, the association said, to overcome the present shortages by importing lard from the U. S. In French-occupied South Baden, Dr. Eduard Lais, state minister for economics, said several food retail shops had been bought out by fearful citizens.

Notices Are Sent Out

New York, July 13 (AP)—First notices ordering New York city draft registrants to report for pre-induction mental and physical tests were sent out today. Col. Candler Cobb, the city's selective service director, said the examinations will begin Tuesday. Mailing of the notices came only three days after the Defense Department in Washington called for 20,000 army draftees. New York city's quota is 1,263 men. Twenty-five-year-olds are to be called up first.

Security Rules Ready

Washington, July 13 (AP)—The armed forces readied new security instructions today for all military public relations offices in this country following a clamp-down on news of troop and supply movements.

County Gains 5,644 Over 1940 for 92,661 Total, Is Report

The city of Kingston has gained less than one per cent in population over the past 10 years, while Ulster county as a whole has increased approximately six and one-half per cent.

Preliminary 1950 census figures released today by Charles G. Dimon, acting census supervisor for this district, credit Kingston city with a population of 28,859, or a gain of 270 persons over the 28,589 reported in the 1940 census. "These figures are subject to revision after final tabulation at Washington, but they are believed to be 'substantially correct'."

Ulster county's present total population is reported at 92,661, a gain of 5,644 persons over the 1940 census.

New Paltz Gains Most

The largest growth in any township in the county, both percentage-wise and numerically, was in the town of New Paltz. Its total of 3,731 persons were reported in that town, compared to 2,815 reported 10 years ago. This is a gain of 916 persons, or little more than 32 per cent. The village of New Paltz, according to this year's preliminary figures, has a population of 2,284. No comparison was immediately available with 1940 figures for that village.

Second largest growth percentage-wise was reported in the town of Hurley, where 1950 figures show a population of 1,959, an increase of 429, or 28 per cent, over 1940.

Second from a numerical standpoint was the town of Lloyd. In that town, the population this year is reported at 4,499 persons, a gain of 704 from 10 years ago. This is a percentage increase of 18.6. The village of Highland has 3,023 residents. No comparison is available, and since 1940 figures are available for all villages of more than 2,500 persons, this indicates that Highland in 1940 reported a total of less than 2,500. Thus, the increase would be at least 523 persons.

Three Townships Lose

Three townships lost population since 1940. The town of Marbletown population this year is reported at 2,334, a loss of 209 from 1940. The town of Gardiner lost 11 persons, with a population of 1,306 reported this year. The town of Shandaken lost 37 persons, with 1,838 total reported by the 1950 preliminary figures.

The preliminary figures released today include only the towns and villages of 1,000 population or more. The three towns in the county with less than 1,000 and which were not yet reported are Denning, Hardenburgh and Kingston.

Following are the villages and hamlets in Ulster county with more than 1,000 population according to the 1950 figures: Port Jervis, 1,872; Highland, 3,023; Marlborough, 1,719; New Paltz, 2,284; Saugerties, 3,927; Walkkill, 1,147; Lincoln Park, 1,582; Ellenville, 4,202; and Napeague, 1,087.

The only comparisons available were for Ellenville, which gained 202 persons since 1940. Saugerties, however, is still considerably below the 4,080 inhabitants reported in the 1930 census.

Arms Flow For Europe Is Discussed

Widespread Concern Is Shown at Strength of Non-Reds; Pressures Are Developing

To Meet Deputies

Spofford Is Expected to Make Trip to Anglo Capital

Washington, July 13 (AP)—Strong sentiment is developing within the administration to speed up the flow of American arms to western Europe as a result of the Korean crisis.

Some officials are talking of sharply increasing, perhaps doubling, the present rate of delivery of \$1,000,000,000 worth of guns, tanks and other equipment now being given to this country's Atlantic pact allies.

Behind the scenes discussions of the state of North Atlantic Treaty defenses reflect a widespread concern over the total defensive strength of the non-Communist world.

"The tense world situation is generating new pressures inside the government for some degree of home front mobilization in order to increase armament production."

Another and more direct pressure for marshaling more of America's resources for war is said to arise from the mounting evidence that the United States is in for a long and costly struggle in Korea.

So far there is a conflict of requirements between the urgent buildup of forces fighting in Korea and the European Arms Aid program as presently scheduled.

May 'Borrow' Weapons

Without a swift and substantial increase of arms manufacturing here, some authorities say weapons which were destined for Europe may have to be "borrowed" for the Far East. They deplore this necessity because in both military and diplomatic strategy, Europe, rather than Asia, is rated as the primary focus of American security interests.

One move to speed up joint European and American defense arrangements is already planned. Charles M. Spofford, Secretary of State Acheson's deputy on the (Continued on Page 14, Col. 6)

Van Buren Says Calls Important To Catch Prowlers

Following reports from various sections of the city within the past two weeks of prowlers lurking around homes in the night, Police Chief Raymond Van Buren today advised immediate action in notifying the police when and wherever prowlers are observed.

An Andrew street woman notified police headquarters last night of a prowler near her home. She was frightened by a man who stood near the garage as she opened a door, she said.

Chief Van Buren advised an immediate call to police headquarters as soon as a prowler is noticed. This should be done, he said, before attempts to scare away the person, putting on extra lights, shouting or the releasing of dogs to rout the prowler, he stressed.

The police will also be assisted if those annoyed or frightened by prowlers take notice of his direction on leaving the premises. Police patrol cars are sent into action at once on all such reports, and time is important in getting the information to the police.

General Cites Dead as 42, Says Reports Exaggerated

State Will Schedule 3,003 Men for Draft

Albany, N. Y., July 13 (AP)—A total of 3,003 draftees from New York state will help fill the army's call for 20,000 men before Sept. 20.

The quota outside of New York city is 1,800. Col. William H. Boughton, executive officer of the state selective service system announced yesterday. The quota for metropolitan New York is 1,203.

Boughton said local draft board quotas probably would be assigned next week. The local boards will announce their quotas.

Pre-induction physical examinations then will be scheduled. Men 19 through 25 are eligible for the draft.

Demands Indicate Serious View of War in Congress

Texas Would Use A-Bomb After Week's Notice to Reds to Get Out of South

Washington, July 13 (AP)—Congressional demands for threatening the Korean Communists with the A-bomb and for calling up the National Guard served today as an index to the growing seriousness with which lawmakers are treating the world situation.

Members of the House applauded yesterday when Rep. Dentsen (D-Tex.) said that Mr. Truman should give the Communists one week to get out of southern Korea. If they refuse, he said, the President should then supply their commander with a "named list of principal North Korean cities which would be subjected to atomic attacks by our air forces."

Another Texas Democrat, Senator Lyndon Johnson, raised the proposal for immediately calling into active service more than 800,000 National Guardsmen and reservists to stiffen the battle in Korea.

Johnson made his proposal in a Senate speech yesterday, and followed it up by telling a reporter: "We are going to be forced to do this anyway in time and the sooner the better."

"Unless we move quickly there is a chance that our boys will be pushed clear out of Korea."

Brewster's Idea

Senator Brewster (R-Me.) proposed that it be left up to General MacArthur whether to use atomic bombs on the Communists. He offered this idea of his own.

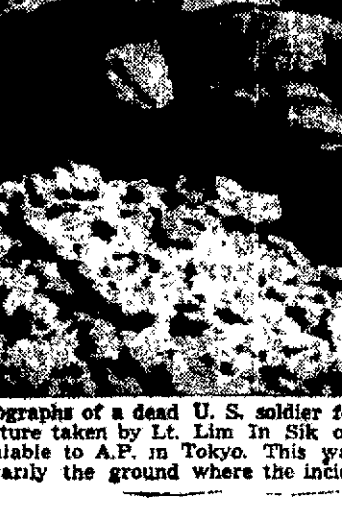

"The Communists should understand that we are not spending billions for bombs out of scientific curiosity. Presumably they are designed to save the lives of American boys."

Tracy S. Voorhees, former under secretary of the army, told a House committee that an atomic attack on the United States itself is now "more than a possibility."

He said that if an attack does come, it will doubtless be a big one aimed at industrial centers.

Senator Humphrey (D-Minn.) a down-the-line backer of the Truman "Fair Deal" domestic program, raised some questions about the increases.

Industrial Control Powers Sought to Help Arm Nation

Russia Has 800 Ships Off Korea

Washington, July 13 (AP)—Russia is believed to have an assorted collection of about 800 naval craft deployed near the Korean war area—including between 70 and 80 submarines.

Naval sources here figure that perhaps a third of this school of submarines are the new XXI Snorkels.

Although the 800 total estimate is numerically big, there is no present evidence that it comprises anything like a balanced naval force. Those studying the situation believe many of these vessels are small craft of various types and that certainly nothing bigger than cruisers are in the area.

So far as can be determined, the Russian navy still possesses no aircraft carriers.

One unknown factor seems to be how many of the smaller Soviet vessels may be landing craft or types that could be used in emergency for an amphibious operation.

Could Be of Grave Concern

The presence in the Far East of any sizeable number of landing craft could be of grave concern to American forces. They could be used to provide an amphibious "lift" for North Korean flanking operations down the South Korean coast lines. Or they might some day be used in an attempted operation against the American defense bastion in Japan, should Russia and the United States fall into gloves-off war.

However, it is the Russian submarine force that is drawing most U. S. attention.

As deployed, the Red sub fleet in the Far East seems to have as its main job the potential duty of cutting off the Asiatic-Indonesian lifeline along which the United States would send help in event of general war in the Orient.

An almost equally important mission is to carry on reconnaissance of American and British naval ship, transport ship and air movement in the western Pacific and the inland seas bordering eastern Asia.

If there have been any sightings of suspicious actions by Russian submarines in those waters, the Pentagon has kept it secret.

New York Owners Have Bonanza Day

New York, July 13 (AP)—Today was Bonanza Day for many New York city landlords—but Black Thursday for thousands of tenants.

Landlords apparently had an official O.K. to begin immediately to collect retroactive rent increases from an estimated 44,650 tenants.

The increases—averaging \$7.80 a month—had been granted by the federal government before the effective date of New York state's new rent control law on May 1.

The landlords got the go-ahead yesterday when Chief Judge John T. Loughran of the State Court of Appeals rejected an application asking that the landlords be temporarily restrained from collecting the increases.

O'Donnell Is Boss

Mr. Gen. Emmett (Rosy) O'Donnell directed this first mission of his new command, the Far East Bomber Command (Provisional). The 43 year old two star general, once a West Point football coach, led the first World War 2 B-29 raid on Japan.

Johnson and Symington Have Responsibility for Advising President; Cabinet to Get Problem at Forthcoming Session

Washington, July 13 (AP)—Well-placed officials today reported growing pressure on the administration to seek at least limited control powers over industry to help arm the country for the fighting in Korea.

They said no specific plan yet has reached President Truman to their knowledge, nor has there been any decision on the seeking of emergency powers from Congress.

They said they expected the whole question of home-front mobilization to be placed before tomorrow's cabinet meeting. One official said there would be a "top to bottom" survey.

Some administration officials were reported to favor an early White House request for powers comparable to those of World War II, under which automobile assembly lines could be converted to tanks and guns, and radio and television plants to radar equipment.

Others, it was said, advocate a "wait-and-see" policy, or one which would call controls into play only as needed.

Rests on Two Men

Foremost responsibility for advising Mr. Truman rests on two men, Secretary of Defense Johnson and Chairman W. Stuart Symington of the National Security Resources Board (N.S.R.B.). The latter agency is responsible for industrial mobilization planning, its general position was reported to be as follows:

1. N.S.R.B. is rounding out a complete program of emergency powers but has not yet presented such a program of price, wage and manpower controls and materials allocation to Mr. Truman.

2. N.S.R.B. has received from the White House no request for a program of limited controls, such as a voluntary system of rationing steel or other currently tight materials.

3. The mobilization agency, as a (Continued on Page 8, Col. 5)

Thruway Speed To Be Reasonable, Not 70 Miles Yet

Albany, N. Y., July 13 (AP)—Motorists using a new 10-mile stretch of the state Thruway's Catskill section after its opening tomorrow must drive at "reasonable speed," the Public Works Department said today.

It warned that the 70-mile-an-hour speed, for which the Thruway was designed, would not be permitted yet. The contractor is working on incidental grading and seeding along the road, the department explained.

The department said that no definite speed would be set at this time for the Catskill route, but added that motorists must "use reason." The state speed limit on other highways is 50 miles per hour.

Governor Dewey will cut a ribbon at ceremonies opening the \$4,000,000 section of the super New York-Buffalo Thruway.

Only one other section, a four-mile portion near Victor has been opened to traffic. Work is progressing rapidly, however, on a third stretch near Liverpool, the department said.

The Catskill section will be opened to traffic immediately after the dedication. The new portion stretches between Catskill and Saugerties. It was designed to siphon traffic away from a winding part of Route 9W, which has been a traffic bottleneck for years.

Dates, Places Announced For County Rabies Clinics

During the months of July and August, free rabies vaccination clinics will be held throughout Ulster county, sponsored by the Ulster County Rabies Advisory Council. It is necessary that seventy per cent of our total dog population be vaccinated so that Ulster county will be designated by the state commissioner of health as a county where vaccinated dogs may run at large.

If your dog or dogs were vaccinated last year, it is again necessary to have this treatment. Every owner is encouraged to bring his dog or dogs to the nearest clinic noted below. The clinic hours will be from 7 to 9 p. m. All dogs six months or older will be vaccinated. Check your local paper for weekly announcements of clinics.

Says Action Historic in Its Heroism

Blames Wrong Picture of Casualties Upon Press, Shell-Shocked Fighters

Front Is Quiet

North Koreans Believed Regrouping for Push Across Kum River

Tokyo, July 13 (AP)—General MacArthur's headquarters announced tonight that American losses to date are 42 killed, 160 wounded and 256 missing in the Korean war.

"Losses sustained by the American forces have been greatly exaggerated in press reports from the front," the statement said. It reported casualties of the "lost battalion" as two killed, seven wounded, 12 missing.

(Exaggerated casualty reports have come from enemy sources, particularly the North Korean radio, at Pyongyang yesterday the Reds reported 70 American killed and 200 captured in a Communist breakthrough. Such reports are handled separately, or bracketed into roundup stories and clearly identified as unconfirmed enemy claim.)

Says Picture Distorted

"Individual wounded or mentally shocked have given a completely distorted picture, headquarters said.

"American ground units in Korea are fighting one of the most skillful and heroic battles in the rear guard actions in history," the statement said, adding:

"Casualties inflicted on the enemy have been immeasurably greater . . . each day we reduce the enemy's relative superiority in numbers and weapons."

Hurley back by North Korea's Red horde, weary doughboys dug in on the Kum river's south bank for a new defense. The had a new commander, Lt. Gen. Walton H. Walker, veteran tank fighter of World War II.

The front was relatively quiet. Presumably the North Koreans were regrouping for an assault across the vital Kum, last natural barrier between the two Korean warplanes provided transport and supply routes north of the river throughout the day.

An advanced headquarters spokesman said several bridges across the winding Kum river, 13 miles north of Taejon, were blown up last night. One was a large railway bridge.

Drive Is Launched

The Reds launched a new drive from newly-won Tanyang, 65 miles northwest of Taejon. Headquarters in South Korea. Headed by Gen. Kim Il-sung, the push to cut the vital rail line from the southern port of Pusan to Taejon, key defense center 13 miles south of the Kum.

General MacArthur announced the appointment last midnight of Walker, chief of the Eighth Army in Japan, as commander of ground forces in Korea.

The Eighth Army has set up an advanced command post in Korea and taken over the job of U. S. Army Forces in Korea (U.S.A.F.K.). The latter command was abolished.

Walker commanded the famed armored "Ghost Corps" of General George Patton's Third Army in Europe. He was cited by Britain and praised by the U. S. War Department (now the Department of the Army) for his coordination of infantry and armored groups.

Walker made a flying visit to the Korean fighting front Saturday. MacArthur did not say if Walker would return to Korea.

Gen. J. Lawton Collins, army chief of staff, and Gen. Hoyt H. Denberg, air force chief of staff, conferred here with MacArthur and, presumably, with Walker.

Leaves From Boyle's Notebook

By HAL BOYLE

New York (AP)—There is a growing uneasiness among army veterans that the American expedition in Korea may end in another Dunkerque.

Time, they feel, is fighting right now on the side of the heavily armored North Koreans — and against the lighter-armed U. S. forces.

One retired high-ranking officer I talked to felt that only an immediate mobilization of manpower and industry could stave off disaster in Korea — and perhaps other fronts to follow. He is one of the most experienced veterans of the last war, having fought in Africa, Sicily and Europe.

"We'll be lucky in Korea if we aren't pushed right back into the sea," he said. "The situation there is simply a matter of mathematics."

"So far we've had to send a boy to do a man's work. We've had to throw in a couple of companies here — a battalion there — and watch them get chewed to pieces. It's the same thing we did at Kasernen Gap — food small units in one at a time to be destroyed."

This officer felt there was real doubt whether enough reinforcements could be put into the field in time to avoid a complete withdrawal from Korea.

Bucked 100 Miles
 He pointed out that the North

Koreans had bucked 100 miles in slightly more than two weeks — and that another 100-mile advance would carry them to the tip of the peninsula.

"We may be able to hold a defensive beachhead in the south, where the terrain is pretty mountainous," he said. "But it will be terribly difficult."

"The battleline is about 125 to 135 miles wide. To do the job right we ought to have at least six good divisions, on the line — and two in reserve. That means eight divisions at the least. And eight divisions is an army — 150,000 men or more."

"Where can we get that many men without mobilizing? We have only 12 divisions now all told, and

they're stretched all around the world from Tokyo to Berlin."

Has 22 Divisions

What worried him also is the fact Russia has a reported 85 divisions in being, and some 200 more in reserve.

"She is just throwing a left jab at us in Korea, testing us out," he said. "And she isn't even using her own men — she's using satellite troops."

This officer felt, as so many older veterans do, that the American military machine should be quickly expanded in an all out effort.

"The public doesn't realize yet how desperate the situation could become," he said. "We have fine new weapons, but we have to get them into mass production. And we need the men to man them."

"Korea may be just the prelude of what is coming, and we can't afford not to be ready."

The griffin is a mythological beast with the hind parts of a lion, the head, shoulders, wings and forelegs of an eagle.

Collision Is Reported

Ralph Hepner, 28 Crane street, reported to the police at 8:20 p. m. yesterday that Hollis Quick, 351 Broadway, riding a motor bicycle, was in collision with the left rear fender of his car as it was parked in front of 128 Broadway. Quick, at first claimed no injuries, but his mother later indicated he had been injured, the report said.

The highest Ohio River flood on record was in 1937.

Woman Will Aid Gehr, She Reports

Mineola, N. Y., July 13 (AP)—An erring husband, accused of slaying his wife, will have a witness in a pretty red-haired woman who dived naked out of his cabin when the wife appeared with private detectives.

The "other woman"—Mrs. Dorotha Matthews, 31—said so yesterday. Asked by newsmen whether she would stand by New York Television Director Herbert Gehr, 39, Mrs. Matthews said:

"If telling the truth about what really happened is sticking by Mr. Gehr, then that's what I'm going to do."

Gehr is in jail in Brewster, N. Y., accused of shooting his wife, Andrea, 30, early Monday when she went to his Putnam county cabin seeking adultery evidence for a divorce.

Gehr said he fired a rifle because he thought prowlers were trying to break into the cabin.

Mrs. Matthews made the statement after she appeared in court here in her own marital litigation.

The upshot of the court hearing was she can continue visiting her three children in their summer camps, at least until July 24.

State Supreme Court Justice Thomas J. Cuff postponed action on an application for a court order which would forbid her to see the children. The postponement was protested by counsel for her husband, Mark Matthews, wealthy head of a New York city messenger service.

The Matthews—each charging adultery—are suing for divorce. Visits to the children by the mother are provided in an agreement. The husband sought to have the permission cancelled by Justice Cuff.

Grant for Research
Dean R. S. Cunningham of Albany Medical College announced yesterday that the college has received a research grant of \$3,200 from the United States Public Health Service. The grant has been made to Dr. Richard A. Miller, associate professor of anatomy. The purpose of the grant is to make histochemical studies on secretion of the cells of the cortex of the adrenal gland.

He Didn't Blow
Chicago (AP)—A driver was about to sound the horn at an intersection when he happened to look at the sign on the back of the car in front of him. The sign read, "Don't honk. I can see the green light."

Commercial Planes Carry Men, Material

San Francisco, July 13 (AP)—The Pacific version of the Berlin airlift is under way.

Officials of the Military Air Transport Service (M.A.T.S.) talked guardedly about it today. Four types of big four-engine planes are winging military men and material to Japan and Korea. Some were chartered from commercial airlines.

M.A.T.S. has even cut down for a time on its transatlantic operations to bring more planes out here, said Lt. Col. William W. Jones, 1704th M.A.T.S. group commander.

Planes being used are the Douglas C-74 Globemaster, the Boeing C-94A Stratofreighter, the Lockheed C-121 Constellation and the Douglas C-54.

2 Are Improving At Hospital; Car Hit Tree, Route 28

The condition of William Joseph Brattain, Jr., 22, of West Shokan, was reported as "fair" this morning at the Benedictine Hospital.

He and June Went of Witwyck avenue were admitted to the hospital early Wednesday morning after the automobile in which they were riding struck a tree on Route 28, the sheriff's office reported.

Miss Went's condition is "good," the hospital reported. The automobile, driven by Brattain, ran off the shoulder of the road and struck a tree on the property of Donald Johnson between West Hurley and Kingston about 3:45 a. m. Wednesday, the sheriff's office said.

New England will not have another total eclipse until October, 1959.

worse on New York. We don't like to talk about that. We don't even like to think about it. But Stalin is thinking about it. And you can bet your life Truman has been thinking about the precedent of the Nuernburg war-guilt trials as the Soviet group of puppets clamor that our intervention in Korea is a war of aggression. Truman might yet be calling on Senator Taft, who opposed the Nuernburg trials of retroactive law and the trial of defendants by the complaining parties, to defend him in a trial for his life in Seoul.

If this is recrimination, it is, God help us, the only outlet left. The future is impenitently dark.

Conditions Are 'Fair'

Benedictine Hospital authorities today reported as "fair" the conditions of Josephine Boyd, her daughter-in-law, Norma Boyd, and Norma's daughter, Barbara Lee, all of whom were injured in an automobile accident on Route 209 near Stone Ridge Monday afternoon. They are from White Sulphur Springs, Sullivan county. Mrs. Josephine Boyd is a former Kingston resident.

Maybe that Westminster, B. C., Canada, judge has something when he suggests use of a whip on young hoodlums "on the place where their brains seem to be."

Black—Where is that beautiful canary bird of yours that used to sing so clearly and sweetly.
Brown—I had to sell him. My son left the cage on the radio set and he learned static.

Cubist—The gentleman whose portrait this is has come and asked me to alter his nose a little.
Friend—And that makes you cross?
Cubist—No, but I can't remember where I put the nose.

Keep on plugging and the chances are that you will stumble on something. I have never heard of anyone stumbling on anything sitting down.

—Charles Kettering

Waiter—These are the best eggs we have had for years?
Diner—Well, bring me some you haven't had so long.

Man—At times my wife seems to be trying to be an angel.
Friend—You mean when she wants something from you?
Man—No, when she drives the car.

Eloise—I had a quiet little evening alone with a book last night.
Vivienne—I'm afraid that's going to happen to me some night too.

It may be farther around the corners of a square deal, but you will always find the road better.

Jane—How old are you?
Joan—I've just turned twenty three.

Jane—Oh, I see—Thirty-two.

Passenger—Have I time to say good-bye to my wife?
Porter—I don't know, sir, how long have you been married?

Teacher—What animal is satisfied with the least nourishment?
Robert—The moth, teacher. It eats nothing but holes.

Mistress—You will cut and roll the lawn, weed the gravel path, pot some chrysanthemums, plant all those rose-bushes, clean out the greenhouse, and see to the heating apparatus, and—
New Gardener—Excuse me, madam, but is this a day's work or a five-year plan?

A complete set of silverware, with no spoons missing, has never come home from a picnic.

Scientists claim our remote ancestors had no chins. Possibly a barber invented the chin.

Love thy neighbor—especially if he has garden tools that you don't have.

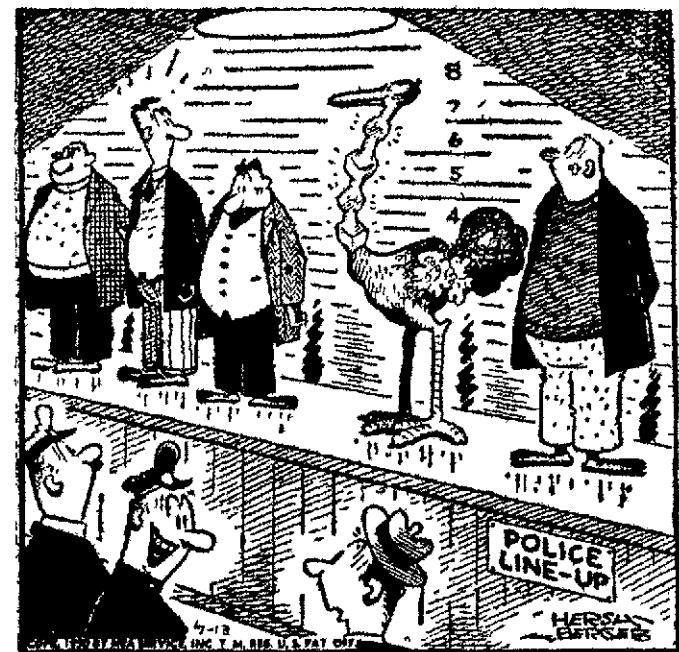

We hope the sunburn season will stop some people from giving themselves so many slaps on the back.

He—I thought the lamb was a little tough.
She—Oh, let's not talk chop.

Cities Service Oil Closes Local Office

The Kingston division office of the Cities Service Oil Company at 663 Broadway was closed July 1 with the consolidation of the Kingston and New York divisions. Salesmen and supervisory employees at the local office will continue to be employed by the company, but will work out of the Jackson Heights office. All local employees have been retained by the company with the exception of three female office workers who preferred not to leave this city, a company spokesman said. There were about 18 persons who worked out of the Kingston office.

Eugene W. Pemberton, former division manager at this office, was transferred to a similar position in Richmond, Va., on March 1.

Roger G. Billings, former division superintendent of operations, will under the new arrangement be assistant superintendent of operations in the consolidated division. His office will be in Jackson Heights, but he will continue to devote a large portion of his time to supervising operations in the upstate area. He will maintain his residence at 60 Elizabeth street in this city.

The former Kingston division included New York state from the Metropolitan district to the Canadian border and to the Great Lakes. The metropolitan, or New York district, included metropolitan New York and the state of Connecticut. The new consolidated division includes New York and Connecticut. The change only affects sales and operations departments. The company's plants are not affected.

90 Assembly Members Are Missing in Korea

South Korea's Temporary Capital, July 13 (AP)—Ninety of the 210 recently elected members of the South Korean National Assembly are unaccounted for.

Some are known to have been caught in Seoul by the swift Communist North Korean thrust. Vice Chairman Chang Taik Sang told a news conference today.

He said it was not known whether any had joined the Reds voluntarily.

About 80 assemblymen are touring South Korea, informing their countrymen of United States and United Nations aid.

Assembly business is handled by a 10-man emergency committee named just before the government fled Seoul.

Walter Keefe Dies in Sauergeties; Trooper 19 Years

Walter Keefe, 44, Democratic nominee for sheriff of Ulster county at the last election, died suddenly of natural causes early this morning at his home, 253 Main street, Sauergeties.

Mr. Keefe was associated with the New York State Troopers for 19 years. He also was a veteran of World War 2 and was a member of the Lamourse-Hackett Post, American Legion, Sauergeties, and also of the 40 & 8 Society.

The funeral will be held Saturday at 10 a. m., from St. Mary's Church in Sauergeties. Burial will be in St. Mary's Cemetery, Sauergeties. The body is now at the Hartley and Lamourse Funeral Home, 8 Second street, Sauergeties.

Besides his wife, the deceased is survived by two sons, Walter, Jr., and John, Sauergeties; two daughters, Mrs. Joseph Nolan, Yonkers, Lenora, at home; his mother, Mrs. Anna Keefe Barnes, Watervliet; two brothers, John E. Watervliet and William L. Albany; and a grandson.

Sentence Is Demanded

Ghent, Belgium, July 13 (AP)—The court demanded today a prison sentence of one year for Walter Baels, 40, brother-in-law of King Leopold, for failure to join the Belgian free armed forces during the World War. Baels, arrested last week when he returned to Belgium for the funeral of his mother, was sentenced in absentia in 1946 to three years for fleeing from the army call-up. Today, the court waived that sentence and deferred until tomorrow the question of a further sentence.

Smith Is Nominated

Washington, July 13 (AP)—President Truman today nominated Eugene J. Smith of New York for another term as U. S. marshal for eastern New York. His current term expires Saturday.

DIED

BARLEY—At Kingston, N. Y., Tuesday, July 11, 1950, Arthur C. Barley.

Onteora Central School Meeting

A very harmonious meeting of the voters of the Onteora Central School District was held Tuesday evening in the parish hall, Phenicia. The meeting was conducted by Carroll F. Simpson of Phenicia.

Eugene Milanel of Phenicia and Nelson Shultz of Wittenberg were appointed as chief clerk and chief teller while Mrs. Herbert Epstein, Chichester; Mrs. Ruby C. Brown, Samsonville; and Herbert Epstein, Chichester, acted as clerks and Mrs. Vera Crispell, Olive Bridge; Kenneth Vredenberg, Wittenberg; and Larry Ensign, Phenicia, acted as tellers.

Philip Gordon of Phenicia was re-elected to the Board of Education by a vote of 246 to 20, to succeed himself, for a term of three years.

Hartlowe McLean of West Shokan was re-elected to the Board of Education by a vote of 128 to 99, after defeating Andrew Savage of Ashkani, to succeed himself, for a term of three years.

Harry Osterlander of Willow was re-elected to the board of education by a vote of 51 to 5, to succeed himself, for a term of three years.

A budget in the amount of \$223,010 was adopted by a vote of 62 to 3. Approximately 350 people were in attendance at the meeting. Questions were placed on the floor concerning the progress of the new Onteora Central School which was approved by the taxpayers at a vote on April 14, 1950, in the amount of \$1,850,000.

Fred D. Care, Pine Hill, president of the board of education, spoke briefly concerning the progress of the new construction.

A statement of cash receipts and disbursements for the year beginning July 1, 1949, and ending June 30, 1950, as audited by Stanley G. Haug, with a copy of the estimated budget for the school year 1950-51 was distributed to every voter at the meeting. Persons living in the district, not in attendance at the meeting, may secure a copy of this report by calling on or writing the board of education office, Onteora Central School, Phenicia, N. Y.

Bone Fragments Removed

Boston, July 13 (AP)—Surgeons removed seven bone fragments today from the fractured left elbow of Boston Red Sox slugger Ted Williams and predicted he would recover full use of his arm. Dr. Ralph McCarthy, who described Williams' condition after the hour-and-a-half operation, said, however, indicate when Williams could play baseball again. The Boston Red Sox office meanwhile issued a statement that Williams' condition was "very good." But it added: "When Williams will play ball again, is very indefinite at present."

Deputy Is Named

New York, July 13 (AP)—Deputy Commissioner Joseph Kaiz of the New York State Liquor Authority has been named acting deputy director for planning of the State Civil Defense Commission. General Lucius D. Clay, chairman of the commission, announced yesterday. General Clay in a statement said that Kaiz had been loaned to the defense commission but would continue his affiliation with the liquor authority, devoting such time to S. L. A. functions as his new duties permit.

Mr. Bachmann, before retirement, formerly resided in the vicinity of Buffalo and occupied churches of the Evangelical and Reformed denominations. Surviving is one daughter, Mrs. Martin Schulte of Woodstock. Memorial services will be held at Cattaraugus Sunday followed by burial at Hamburg.

Financial and Commercial

New York, July 13 (AP)—The stock market took another spin up and down the price scale today.

After the latest display of fireworks, quotations were down fractions to around \$2 a share and the market was coasting along comfortably at the lower levels.

Trading started off briskly with buyers showing mild interest. Soon a well-mannered rally was in the works and gains ran up to more than \$1 a share.

Then a flash-flood of selling, which has become almost routine since our intervention in Korea, hit the market in mid-morning. Gains were wiped out in short order and replaced with losses of as much as \$2 or so a share.

Liquidating orders sped into the exchange so fast that for a short while the ticker tape dropped behind in reporting transactions on the floor.

In the minus column were U. S. Steel, Bethlehem Steel, General Motors, Chrysler, Goodrich, Sears Roebuck, Caterpillar Tractor, United Aircraft, National Distillers, Allied Chemical, du Pont, Eastman Kodak, General Electric, Westinghouse Electric, American Woolen, Santa Fe, N. Y. Central, Nickel Plate, Standard Oil (N. J.), and Johns-Manville.

Steadier spots included International Harvester, Lockheed, Admiral Corp., Radio Corp., American Telephone, Kennecott Copper, Dow Chemical, Union Pacific, and U. S. Gypsum.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, New York city, branch office, 41 John street, R. B. Osterheudt, manager.

Industrial ...

general policy, opposes "limited" or piecemeal control measures on grounds that World War II experience showed them to be unworkable.

Comes From Industry

The major pressure so far, officials said, has come from industry and from Congress members. A good deal of it originated with smaller manufacturing companies which have sought government allocations on grounds that their suppliers were not doing everything enough materials to keep their plants in full operation.

With the arrival of increasingly pessimistic reports from the Korean front, there has been growing sentiment for much more drastic measures. However, the advocates of a quick plunge into home-front mobilization apparently are less numerous than those who feel that action should be delayed until the needs of the armed forces become more clear.

It is understood that the Defense Department has not yet supplied a fully rounded estimate of its probable needs.

While Secretary Johnson has repeatedly given assurance that he plans no sudden outpouring of military orders, Senator Elmer Thomas (D., Okla.), chairman of Senate Military Appropriations Subcommittee, said yesterday that the Defense Department will ask Congress next week for "a billion or more" to meet Korean expenses.

Will Ask Funds

Defense officials commented that they certainly will ask additional funds, but added that the amount is not yet known and probably won't be for some time.

Many civilian officials hold that new military outlays of \$1,000,000,000 or \$2,000,000,000 can be absorbed without controls—or, if only slightly larger, with voluntary measure or very limited government regulation.

On the other hand, government experts estimate that if new defense spending proves necessary on a scale approaching \$10,000,000,000 a year or thereabouts—besides Korea, there are needs of Atlantic Pact nations to consider—controls inevitably will be needed to cushion the inflationary impact.

Girl's Body Found

Windsor, Ont., July 13 (AP)—A trussed and weighted body taken from the Detroit river yesterday was identified today as that of Marjorie Jean Smith, 16-year-old Windsor High School girl. Corporal C. V. Mills said the girl had died of an illegal operation following a month's pregnancy. Mills said an amateur apparently performed the operation and tried to hide the results by dropping the body in the river. The body was found only a block from the girl's home.

Council Will Meet

Washington, July 13 (AP)—The National Security Council, top policy body on national defense, scheduled a meeting today and decided to meet weekly hereafter. The council has been meeting only twice a month.

Denies Any Knowledge

Karachi, Pakistan, July 13 (AP)—Prime Minister Liaquat Ali Khan said today he had "no information" regarding the sending of Pakistani land troops to Korea.

Returning from a tour of the United States and Canada, he said, however, that Pakistan would help South Korea in all ways within its means. He said the shape of the aid would be determined as time shows what is needed. Sen. Benton (D., Conn.), suggested in Washington, this week that the Philippines and Pakistan send detachments to the Korean front to demonstrate that the fight there is not a white man's imperialist war.

Train Service Cut

Hong Kong, July 13 (AP)—Independent Chinese news reports said today Chinese Communist military authorities have ordered South China trains to reduce freight passenger services to handle troop supplies. These sources said the supplies were for Gen. Lin Tiao's 15th Army Corps, reported traveling north.

Helps 3 Happy Ways — SKIN Blotches — Blemishes

Radiant goes to work the minute you wash it on "externally-caused" blemishes, blotches, pimples and blackheads. Radiant (1) brings soothing, lasting relief from irritating skin. (2) controls danger of "acne" infection. (3) covers unsightly spots with a fine, flesh-colored film. Doctors have prescribed Radiant Ointment for over 50 years for quick, gentle skin comfort. Get Radiant today.

To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Relief in minutes or frequent painless may result from minor bladder irritations due to cold, dampness or dietary indiscretion. If your discomforts are due to these causes, don't wait. Try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often occur in old age, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Aviation News in County

His legs swinging in mid-air, 300 feet above us, a young man was sitting quite placidly on the spar of the Aerona of which he had been the sole occupant. Watching him crawl out there, sans any type of safety belt or parachute proved how obviously unperturbed he was by such an astonishing situation, while we on the field could only gasp, speechless and in a cold sweat, thinking "I can't bear to look," yet knowing we wouldn't want to miss a minute of such a performance.

Other stunts in the "Dress Rehearsal" of Kingston's own AIR SHOW included car to plane pick-ups, all types of precision aerobatics, dead stick landings, bomb dropping and balloon bursting. Also scheduled in the actual presentation Sunday, at Kingston-Ulster Airport are an aerial trapeze act, a helicopter demonstration with riders for everyone, a pilot's obstacle course, model plane demonstrations and many surprise features, pilot contests and competitions will begin around 10:30 o'clock but the main events will begin about 1:30 p. m.

The show is sponsored by the Kingston Civil Air Patrol Squadron. Refreshments will be served by the girls' squadron in two booths which they are now constructing and decorating.

Doug Alverson proved the business value of his Luscombe when he recently flew it to Philadelphia from New Paltz Airport to pick up certain mechanical parts and tools promptly needed at his garage.

Two former GI flying students who recently were checked out at Kingston-Ulster Airport and now plan to continue their flying are Elmer Will of Kingston and Wilson Timney of Port Jervis.

After shooting two landings and receiving an OK to solo, Timney remarked, "I can't get over how little you forget the feel of flying, even though you haven't been at it for two years."

While most daily conversation still includes comments about the rainmaker, Mike Monrillo has been employing his efforts in Bill Koebel's Stearman for DRYING effects. It seems the propwash will blow and dry the water from things, cherry trees, in this case!

Vernon Wright, chief pilot from Crossinger's Airport, Liberty, had his twin-engine Cessna checked at Kingston-Ulster Airport over the week-end and then flew to Livingston Manor where he took on passengers Mr. and Mrs. Irving Berlin and flew them to Teterboro Airport. A former ATC pilot who flew C-54's in the Berlin Air Lift, Wright has been flying chauffeur to many important personages including Edy Cantor.

Phil Cron, former flight instructor at Kingston-Ulster Airport is ferrying a Stearman to Wichita, Kansas for a hopper installation.

in preparation for its use in crop-dusting.

Eddy Renner returned Bill Scott's Stearman from Boston.

Among Kingston pilots represented in the Rhinebeck Air Show last Sunday were Frank Burke and John Davis.

Tom McCord and wife have flown their Piper Cub to Saranac Lake for a few days vacation.

Mr. and Mrs. R. G. Clark of Marlborough have begun flying out of Kingston-Ulster Airport. Clark is the eastern representative for the Speed-Sprayer Corporation.

Frederick Bauscher, Central Valley, Leo Bolce, operator of Catskill Airport and Joseph Allan of Newburgh are having their planes re-checked and re-licensed at Kingston-Ulster Airport.

Joseph Stankovich of Kingston-Ulster Airport has completed his solo cross-country, flying to Boston, while Jack DeCarlo of Saugerties took his dual cross-country

Legion Is Disgusted

Millford, Conn., July 13 (AP)—The American Legion said today it isn't going to put on any more Fourth of July fireworks displays here unless the spectators show more appreciation than they did this year. The Legion passed the hat among an estimated 5,000 persons at its display last week and this, it said, is what it got: Eighty-nine dollars in cash; 93 bus tokens, no good since bus fare went to a straight ten cents more than a year ago; assorted nuts and bolts, and four and a half pounds of pebbles.

Safflower oil has long been used for lamps in India and China.

HERE'S NEW HOT WEATHER SALAD

SAUERKRAUT-CELERY SALAD with stuffed tomatoes and cold cuts makes an ideal Sunday night supper.

NEA Staff Writer
Sunday night supper, seasoned with ingenuity, can be a delightful summertime form of hospitality.

Simple salads are often the most effective entrees to serve on such occasions. Tomatoes stuffed with salmon and egg salad make a wonderful accompaniment for a Sauerkraut-Celery Salad. Served on one big platter they have a party air. Add a platter of cold cuts (or meat left over from the dinner roast) with a good hot mustard sauce and no one would ever guess where the meal was "patched up."

Sauerkraut-Celery Salad (Serves 6)

One No. 2 can sauerkraut drained, or 2 1/2 cups bulk sauerkraut, 1 cup thinly sliced celery, 1 small onion, minced, 1/4 cup green pepper, diced, 1 teaspoon caraway seeds (optional), 1/3 cup mayonnaise, paprika. Combine all ingredients, mixing lightly. Garnish with a dash of paprika.

Flory English Mustard (Makes about 1/2 cup)

One-half cup dry mustard, 1/2 teaspoon salt, 3 teaspoons sugar, 1 tablespoon hot water, 3 tablespoons cider vinegar, 1/2 cup salad oil, 1/2 teaspoon horseradish.

Combine mustard, salt and sugar. Stir in hot water, then cider vinegar. Add oil and horseradish and stir until well blended. Serve with meats. Use sparingly.

Here's another refreshing idea for hot weather dining:

String Beans and Tomato Wedges with Vinaigrette Sauce (Makes 4-6 servings)

One pound fresh string beans, cooked, 6 tomato wedges, 1 teaspoon dry mustard, 1 teaspoon salt, 1/2 teaspoon pepper, 2 teaspoons sugar, 1 teaspoon paprika, 1/3 cup cider vinegar, 1/3 cup salad oil, 1 tablespoon sweet pickle relish, 1 teaspoon grated onion, pimiento strips, if desired.

Arrange cooked string beans in four to six portions and place tomato wedges between portions. Garnish string beans with pimiento strips.

Home Buyers Get Breaks

Chicago (AP)—If you don't think it's easy to buy a home today, consider Grandpa's day. The United States Savings & Loan League, citing current interest rates of 4 1/2 to 5 per cent—4 per cent for veterans—points out that in 1900 the typical rate was 8 to 10 per cent. From 1900 to 1925 the usual mortgage expired in one to five years. Today terms run 15 to 20 years and in some cases 25 and 30 years. In the old days the borrower was expected to pay the full principal of the debt on the expiration date. Today principal and interest are paid off in equal monthly installments.

miento strips, if desired. Combine and mix together well remaining ingredients. Stir briskly. Heat gently to boiling point. Remove from heat. Stir well just before pouring sauce into serving dish or over vegetables.

TOMORROW'S MENU

SHANDAKEN

Shandaken, July 13 — Ensign Norman E. Carpenter was graduated from the U. S. Naval Academy at Annapolis, Md., June 2. He was one of a class of 690 graduates. Ensign Carpenter is the son of Mr. and Mrs. Charles H. Carpenter, Sr., of Coxsack, Mass., and is a former resident of Shandaken. On June 3, he married Miss Margery Anne Tichenor, daughter of Rear Admiral and Mrs. Murray Jones Tichenor. The ceremony was performed in the Naval Academy Chapel. Charles H. Carpenter, Jr., was best man for his brother. Ushers were six of his classmates. A reception followed at the Naval Academy Officers' Club. Ensign and Mrs. Carpenter called on friends here recently.

Mrs. Nan Deyo of New Rochelle was a guest of her cousin, Mrs. F. M. Cleveland Friday.

Mr. and Mrs. Henry Helick and children motored to Germantown Sunday to visit friends.

Mrs. John D. Cox, Jr., and daughter, Martha Lee of Pleasantville, are guests this week of Mrs. Cox's parents, Mr. and Mrs. F. S. Osterhout.

Gustav Johnson of Brooklyn was a week-end guest of Mr. and Mrs. F. M. Cleveland.

The Home Mission class held an all day picnic Tuesday at the church hall.

Wicks Describes
Conditions on
Tour of Europe

Seeing the Statue of Liberty on my return from Europe was the best sight of the entire trip and many times I thanked God for the privilege of having been born in the United States, Senator Arthur H. Wicks told his fellow members of the Kingston Rotary Club at the luncheon Wednesday.

In an informal talk, the senator described his trip and the conditions he found in the central European countries.

His interest in people, their thoughts, ambitions and aspirations was his chief reason for making the journey and not to see sights, he told the Rotarians.

For this reason, he spent much of his time visiting with the people in the market places and in the fields.

He found in his interviews with these people that the job of publicizing the Marshall aid plan was very poorly conducted. The taxpayers money is being spent to aid these poor unfortunate people, who have not as yet found out that the money is coming from the United States. There is some publicity given to the Marshall aid in the papers and on sound trucks, but the source from which this aid comes is not mentioned.

As for the inroads communism has made on these people, he found that the people are through with it because the Communists have made promises but have never lived up to them.

The shocking conditions of these people, he said, was a very sad commentary on the Brotherhood of Man. People without shoes and most of them with bur-lap on their feet was a common sight. Young men working as

beasts of burden, trying to raise a family on 50 cents a day with prices of food and clothing out of their reach presented a very pathetic sight. There is practically no machinery on the farms, the men, women and little children doing the laborious work themselves. The possessor of a cow or a donkey was considered fortunate.

The long and arduous trek of bringing the produce to the markets was one of great hardship, he observed.

There also was imperative need in the matter of hygiene and sanitation.

It would seem from his observations, the senator said, that there should be less talk of freedom and more help given to these people, who are the children of God as well as we are.

The hotels in the famous cities and resorts in which he visited were terrible, he declared.

Work of restoring the buildings in war-torn Europe was very slow, much of it being carried on without the aid of machinery.

On his visit to the Vatican, in which he had an audience with the Pope with 25 others, there were approximately 60,000 people in attendance at the Mass.

The antiquity of the country was most impressive, he said, but most of the highly publicized places frequented by royalty and celebrities were highly overrated in his opinion.

The senator was accompanied on his trip of Europe by Mrs. Wicks and Attorney Frank Campochiaro.

ROBERT R. FREER
Cadet Robert R. Freer of Ulster Park, is on six weeks intensive training with the Signal Corps Reserve Officers Training Corps at Fort Monmouth, N. J.

An undergraduate of Clarkson College of Technology, Cadet Freer is one of approximately 600 Signal Corps ROTC cadets taking specialized training in all fields of communication at Fort Monmouth, "home of the Signal Corps."

The 600 cadets represent 58 colleges and universities throughout the country assembled for schooling, simulated combat maneuvers and tours of leading corporations in the communications industry. The encampment concludes July 29.

Completes Course

A certificate of completion for a course in photography was awarded Corporal Gerald J. Schatzel, son of Mr. and Mrs. Joseph W. Schatzel, of 69 Wilson avenue, Kingston, following his successful completion of a U. S. Armed Forces Institute Course on the subject.

Assigned to Headquarters Battery, 82nd Field Artillery Battalion, First Cavalry, Corporal Schatzel applied for the course as a step in furthering his education in the subject.

As a member of the 82nd Field Artillery Battalion, Corporal Schatzel is assigned as an Administrative Personnel Technician and has attended clerical school, Camp Drake, Japan.

Regular Veterans
Elect Officers at
Buffalo Parley

At the 13th annual convention, Department of New York, Regular Veterans Association held in Buffalo, July 6-9, the following were elected as department officers for 1950-51 term. Erwin P. Bacon, Niagara Falls, department commander; Jack Werber, Commander Post 144 and Brooklyn Council, senior vice; John Edwards, Niagara Falls, junior vice; William Levan, Buffalo, judge advocate; George W. Nichols, Kingston, chief of staff; James Cody, Lewiston, quartermaster; Clement Romanowski, Buffalo, chaplain; Robert Gary, Niagara Falls, welfare officer; Elias Burns, Commander of Post 223, trustee for three years.

Highlights of convention was the presentation to Regular Theodore Tomilo, Lackawanna of new post charter. Lackawanna was designated at 1951 department convention city. Howard Fuller, manager Buffalo V.A. Hospital, thanked Brooklyn Memorial Post and Brooklyn R.V.A. Council through its Commander Jack Werber, for distribution of 850 gifts to patients there at Veterans Hospital. The unusual feature was that it was probably the first time that any veteran group from one end of state during a state convention, took care of a Veteran hospital at the other end. A resolution was adopted endorsing and pledging 100 per cent cooperation of President Truman's program for immediate aid for Korea as being in best interests of the United States. Also recommended was aid for National China in Formosa. It was pointed out that R.V.A. was first veteran organization in the state or nation that as far back as 1939 openly and has consistently since combatted the trend of communism.

Later in August the Ulster County Memorial Post is planning to entertain the Department Commander and staff as soon as word is received of definite date of official visitation of Ulster county, as well as attendance of National Auxiliary President, Vivian Prescott and staff.

Look to Highest Court

New York, July 13 (AP)—The fight of the "lonely hearts" slayers to escape the electric chair will be carried to the U. S. Supreme Court, their lawyer says. The move was announced last night by Herbert E. Rosenberg, counsel for the doomed Raymond Fernandez, 34, and Mrs. Martha Beck, 29. Rosenberg said the first step will be a request to the New York State Court of Appeals to rehear arguments in the case. The court,

the state's highest tribunal, upheld the first degree murder convictions on Tuesday by a 5-2 vote. Fernandez and his girl friend face execution at Sing Sing prison during the week of August 28 for the bludgeoning slaying of Mrs. Janet Fay, 66-year-old Albany, N. Y., widow.

North Atlantic Treaty Council, is slated to leave here for London shortly after his expected confirmation by the Senate in a few days.

He will meet with deputies of other Atlantic foreign ministers to organize the Council in London on a permanent basis. The problem of meeting defense preparations probably will be one of the first questions taken up by the group.

Concern Is Shown

Meanwhile, fresh concern over the tension of the conflict between Russia and the non-Communist nations was indicated by Acheson's comments at a news conference yesterday.

Acheson was asked for his estimate of the latest published report that Soviet satellite forces in Bulgaria are moving toward the borders of Yugoslavia. After declaring that he would not comment on these reports, he said emphatically that the United States in the present condition of world tension would view with the utmost seriousness any new outbreak of aggression.

On another point, Acheson volunteered a formal statement concerning the Communists "World Peace Appeal," a Soviet-backed petition now being circulated in this country. He branded the petition "a propaganda trick" and noted that one of its purposes is to label as a war criminal whatever nation first uses atomic weapons. Acheson said "the real crime against humanity is aggression. . . . The weapons used are quite incidental to the crime."

On both counts Acheson's remarks were authoritatively interpreted as a warning to the Russians. It was two-barreled: First that the United States would react vigorously to an assault on Yugoslavia, and second, that the United States will not be diverted by Soviet propaganda from using atomic weapons if military necessity dictates.

mander in chief for the navy in the Pacific, was flying from Pearl Harbor to Tokyo to confer with MacArthur.

MacArthur's communique said the 15th and 14th North Korean Division have started a drive to the southwest "in a wide envelopment heading for Hamchang," 45 miles northeast of Taejon and on a line that would take them to the Pusan-Taejon railroad if they were successful.

Associated Press Correspondent Tom Lambert reported from the front that the drive began when the Reds bridged the Han river at Tanyang, about 20 miles east of fallen Chungju, and sent on division with artillery rolling south.

The American-trained South Korean Eighth Division was driven out of Tanyang. MacArthur said, and other South Korean troops "were pushed back to a position about ten miles south-east of Chungju."

Lambert placed the active Red front on a 50-mile arc from Chonilwon, 20 miles north of Taejon, northward and eastward to Tanyang.

He said Red pressure toward the east does not endanger Americans at the moment.

From its derivation, the word "classic" means first class.

ESOPUS

Esopus, July 13—Mr. and Mrs. Richard Watrus and son of Chester, Conn., spent the week-end with their aunt, Mrs. Elizabeth Messner.

Robert Culbert, Jr. has returned home after spending two weeks with his relatives in Charlottesville.

Mr. and Mrs. Charles Palen called on Mr. and Mrs. Wheeler of Port Ewen Sunday.

Mr. and Mrs. John Musa entertained Mr. and Mrs. Oscar Lambert and children Sunday.

Mr. and Mrs. Henry Deane, Sr., and Mr. and Mrs. Henry Deane, Jr., and children, Sandra and Mike of Port Ewen called on Mr. and Mrs. Robert Fowler Sunday evening.

Mr. and Mrs. Ed McBroom of Port Ewen have as their guests Mrs. Helena Christensen, her three children and the children's governess, Miss Grethe Miehs all of Copenhagen, Denmark. These people were guests one day during the last week of school of Mrs. Mabel Coons, teacher and her students. The children of the school asked the children, Randi and Oli, questions concerning their country and vice versa. Then the children of Esopus school presented a program in the form of a radio program giving a resume of the year's work. After the program, refreshments were served. The children gained much valuable knowledge through this interesting acquaintance.

Mrs. Enno Honnon and daughter Ann of Richmond Hill is spending a few weeks with her parents Mr. and Mrs. A. C. Nelson.

Mr. and Mrs. Roy Tolson and family are spending the summer at their home in West Esopus.

Mr. and Mrs. Charles Freer of Staten Island and Miss Henrietta Freer of Ulster Park were Sunday dinner guests of Mr. and Mrs. James Coutant and son Ralph.

The Ladies' Auxiliary of the Esopus Fire Department held its meeting Tuesday evening under the supervision of the president, Mrs. Harry Maines. A pot luck supper was served at 8:30. A large number of members attended and spent a very enjoyable evening.

"I want to know what happened to all that money. I want to know why the delays now? Why the delay in getting our feet out of mothballs?"

Examination Continues

The Senate Armed Services Committee meanwhile continued its detailed examination of defense matters by calling in the navy's top officer, Admiral Forrest P. Sherman, for an executive session at 9 a. m. E.S.T.

Sensors on that group said they already have received detailed data upon the powerful fleet of new submarines Soviet Russia has been developing since the last war.

They added a belief that Russian submarines would not take part in the Korean fight, at least for the present. But senators expected to review with Sherman the newest information on this and other naval aspects of the Korean struggle.

SHOKAN

Shokan, July 13—Richard Ebling of Jersey City is a guest at the Longyear House on the old state road. Ebling's son, William, last spring bought the E. Gear-on lot across the Trail from the Reformed Church grounds, for a future building site.

Mrs. Walter Gault, the former Anna Walker, who has been with her parents, Mr. and Mrs. Leonard Ruckert, while convalescing from an illness, left Shokan Monday to rejoin her husband at Fort Mitchell, Ky.

Now that woodchucks are being reckoned with as a likely rabies hazard, it is interesting to learn how a fox can get near enough to one of these interesting animals to bite and infect him, without being muzzed up by Mr. Chuck's wicked-looking tusks. A local reader, Marvin Greene, tells how it works: One fox engages attention of his prey whilst a companion Reynard sneaks up behind, grabs unsuspecting chuck by back of neck and then No. 1 moves in for the kill. Simple as all that, says Marvin, who has seen it done.

Helen Gilmore, Brooklyn woman who for several years previous to the war was a summer resident of Shokan, is a guest at the Ruckert House in the village center. Miss Gilmore has a number of local friends who will be glad to see her again.

tion, if such business be conducted by a corporation to the effect that the statements contained therein are true.

8. In case any return filed pursuant to this section shall be fraudulent or unsatisfactory to the Treasurer of the City of Kingston, and if a certified or audited return of a corporation or individual is not received within twenty days after the time required by notice from the Treasurer of the City of Kingston, or if no return is made for any period, the Treasurer of the City of Kingston shall determine the amount of the tax due from such information as he is able to obtain, and, if necessary, may estimate the tax on the basis of external indices or other data.

9. The Treasurer of the City of Kingston shall give notice of such determination to the person liable for such tax. Such determination shall finally and irrevocably fix such tax, unless the person against whom it is assessed shall, within thirty days after the giving of such notice of determination, apply to the Treasurer of the City of Kingston for a hearing, or unless the Treasurer of the City of Kingston, on his own motion, shall reduce the same.

After such hearing, the Treasurer of the City of Kingston shall give notice of his decision to the person liable for the tax. The decision of the Treasurer of the City of Kingston may be reviewed by a proceeding under article seventy-eight of the Civil Practice Act of the State of New York, if application therefor is made within thirty days after the giving of notice of such decision. An order to review such decision shall not be granted unless the amount of any tax sought to be reviewed, with penalties thereon, if any, shall be first deposited with the Treasurer of the City of Kingston and an undertaking filed with him, in such amount and with such sureties as a justice of the Supreme Court shall approve, to the effect that, if such proceeding be dismissed or the decision of the Treasurer of the City of Kingston be affirmed, the applicant will pay all costs and charges which may accrue in the prosecution of such proceeding, or, at the option of the applicant such undertaking may be in a sum sufficient to cover the tax, penalties, costs and charges aforesaid, in which event the applicant shall not be required to pay such tax and penalties as a condition precedent to the granting of such order.

10. If, within one year from the payment of any tax or penalty, the payer thereof shall make application for a refund thereof and the Treasurer of the City of Kingston or the court shall determine that such tax or penalty or any portion thereof was erroneously or illegally collected, the Treasurer of the City of Kingston shall refund the amount so determined. For like cause and within the same time a refund may be made on the initiative of the Treasurer of the City of Kingston, however, no refund shall be made of a tax or penalty paid pursuant to a determination of the Treasurer of the City of Kingston, hereinafter provided, unless the Treasurer of the City of Kingston shall have been established in a proceeding under article seventy-eight of the Civil Practice Act of the State of New York that such determination was erroneous or illegal. All refunds shall be made out of moneys collected under this section. An application for a refund, made as hereinafter provided, shall be deemed an application for the revision of any tax or penalty complained of and the Treasurer of the City of Kingston may receive additional evidence with respect thereto. After making his determination, the Treasurer of the City of Kingston shall give notice thereof to the person interested, and he shall be entitled to an order under said article seventy-eight to review such determination subject to the provisions hereinafter contained relating to the granting of such an order.

11. Section 2 of the local law shall take effect immediately.

Queens Man Drowns
Port Jervis, N. Y., July 13 (AP)—Elias J. Bellin, 62, of (9921 27th avenue) East Elmhurst, Queens, drowned yesterday when

a rowboat capsized in the Delaware river. The accident occurred about 20 miles north of here. The body has not been recovered. In the boat with Bellin were Harry

Kerby, 50, (201 Stockton street), Brooklyn, and the latter's son, Seymour, 15. Kerby clung to the boat until rescued. The boy swam 150 feet to shore.

PLATTEKILL

Plattekill, July 12.—The annual fair of the Rossville Methodist Church will be held Tuesday, July 25 in the Community House, Route 32. Mrs. Herman Cook is general chairman. Everyone planning to attend is requested to bring a picnic lunch. Soda, ice cream and hot-dogs will be available. Faculty articles will be offered for sale. A food table will be arranged and a novelty table will amuse the younger set.

The Catholic Church committee of Plattekill, with Frank Ruggerio as chairman, is sponsoring a bazaar and fair July 27-28-29, on the newly purchased property.

site of Our Lady of Fatima Church. Proceeds from the entire affair will be added to the fund for construction purposes.

The annual Plattekill Grange picnic was held last Saturday.

Mr. and Mrs. Morris Jacobowitz and family were recent visitors in Poughkeepsie.

Mrs. Catherine Thompson of New Paltz and Mrs. Wilma Klein of Plattekill, teachers in the local school, are attending the summer session of the New Paltz State Teachers College. Miss Elaine Kniffen, another teacher in the Plattekill school, will continue her studies at the New York University after a vacation period.

Plattekill 4-H members conducted their final project of the year's program, 'Fruit Delights', enjoyed a baseball game and made a trip to Newburgh to visit the historical Washington's Head-

quarters. A theatre performance was included in the day's events. Attending were Gloria Hasbrouck, Linda Thorsen, Gayle Wager, Lenore Jacobowitz, Albina and Paula Orlovski, Ruth Quiles, Loreta and Barbara Gagne.

The Mothers Club of the Plattekill school is in charge of a picnic for 158 pupils of the school. Mrs. Frank E. Crawford, Richard Crawford and family, Mr. and Mrs. Charles Crawford of Hughsonville, Dutchess county, were among the 80 members of the Owen family, attending a reunion at Spangler's Grove, near Newburgh, recently. Mr. and Mrs. Frank Crawford and sons were former residents of this place. Mr. Crawford has been general caretaker at Bannerman's Island for a period of over 20 years.

Mr. and Mrs. Edward Caverly of New Jersey were recent guests of Mr. and Mrs. Willett Deyo. Mr. and Mrs. Joseph Evans, Mr. and Mrs. John Labriola and sons, Mr. and Mrs. Frank Rugg and Mrs. A. S. Orlovski attended the fifth annual song and dance revue at Columbus Hall, Newburgh, recently. Carmela Labriola, Albina and Paula Orlovski participated in the exhibition of "Glorifying Childhood" as presented by Mr. and Mrs. Fred Nicholson.

Liner Rams Reef

Quebec, July 13 (AP)—Tugs and launches shuttled the St. Lawrence river early today removing 780 passengers from the 20,000-ton liner Franconia which rammed into a shallow reef during the night one mile out of Quebec. The veteran Cunard-Donaldson cruise ship hit the shallows at Pointe a Tauxes at 8:45 p. m. (EST) 45 minutes after clearing Quebec port en route to Liverpool. A company spokesman said no details could be given as to what caused the accident, but that a statement would be made soon.

Lives Right . . . to 101

Los Angeles (AP)—Want to live to be 101? Then "don't ever get angry or lose your temper." The advice comes from Princess Tarnum Du Pen, of the Platte Indian tribe. The princess, who is 101, was among 125 persons over 50 who turned up at a lecture here on the subject "how to stay young and enjoy the years ahead." "Every time you get mad you poison your system and shorten your life," she said. Her creed: "think right, live right, help those who need help."

Do You Remember

by SOPHIE MILLER

Received a note from a lady in Stone Ridge, in which she states: "Some time ago in your column you asked about covered bridges and why they were covered. The enclosed clipping may interest you. In fact, I have quite a collection of material on our covered bridges in the state, which I could loan you." I would like to see something more on covered bridges besides greeting cards and photographs without too much explanation besides the date of its construction.

From the newspaper clipping sent in from a New York newspaper of 1949 it states in part: "Thirty-two covered bridges still stand in New York state, oldest surviving one was put up in 1850. This state which has 63,000 miles of paved highways and some of the world's most elaborate highway systems, still has many of the old-fashioned covered bridges which served bygone generations, according to the State Department of Commerce. The oldest bridge in the state is a stone-arched structure built at Leeds in the Catskills in 1780."

Wood was a common material for bridge building, because timber was abundant and within easy reach, often being supplied by a temporary sawmill set up on the spot. Early engineers developed several systems of truss construction for wooden timbers which were often patented, becoming lucrative sources of income for their inventors who licensed the use of their systems for fees based on the length of the bridge. No doubt present historians are interested in that phase of it, and camera fans in the romance of the historical structure.

My question, "Why were the bridges covered?" is answered in the following: "One legend has it that it was out of consideration for timid horses who might shy at the sight of water. Another theory is that the coverings provided shelter for the travelers caught in a sudden storm. The true explanation is much simpler and more prosaic. Although the wooden timbers could withstand the ravages of weather, the complicated joints, held together with wooden pins, were vulnerable to the effects of water and would

deteriorate rapidly if not protected.

"Of special interest among New York bridges is one at Blenheim over the Schoharie creek in Schoharie county. A 'double-barreled' bridge, one with separate sections for each lane of traffic. It was built in 1855 and is 228 feet long, the longest single-span covered wooden bridge in the world. According to tradition, the contrac-

tor, Nicholas Powers, a famous Yankee builder, was a militant dry. His workmen felt otherwise, so in one of the stone abutments they hid a jug, but unexpectedly the stonework was completed under his watchful eye and there was no chance to remove it, so it is said, the jug of New England rum is there to this day."

One of the most picturesque bridges according to this newspa-

per clipping is Perrine's bridge, near Rifton, over the Wallkill river in Ulster county and a favorite of amateur and professional photographers. It was built just 100 years ago, in 1850. The Catskill area has the heaviest concentration of covered bridges, 14 of them in Delaware county, four in Sullivan and five in our own Ulster county. Although commercial signs were not allowed to be put on them many romantic

folks carved their initials in and outside of hearts in the traditional fashion, which artistic carvings have withstood longer than most of the romances.

Peace Until Spring

New York, July 13 (AP)—Peaceful relations between management and unionized employees of 1,000 apartment houses in Manhattan are expected until next spring as the result of a \$2.75 weekly wage increase agreement. The A.F.L. Building Service Employees Union yesterday accepted a fact-finding board's recommendations for the one year labor contract. Landlords had accepted it previously. The agreement affects 10,000 workers and 70,000 families housed in the buildings owned by members of the realty advisory board on labor relations, which deals with the union.

Double Funeral

Newburgh, N. Y., July 12 (AP)—Mrs. Hattie Edgworth Taitter, 72, died Tuesday at her home. Thirty minutes later, her husband, Jean, 80, a retired shop foreman, died also in their home. A double funeral service will be held today.

Pork Prices Jump 20 Cents And Other Items Are Affected

(By The Associated Press)

Retail pork prices jumped as much as 20 cents a pound in some stores this week as a flurry of price increases extended to several other meat items, poultry, eggs, coffee, bread, sugar and other foods.

Anxiety over the Korean war was blamed for touching off some of the boosts, which were foreshadowed by steep rises at wholesale levels last week. But many other factors also contributed. Seasonal declines in meat supplies, for example; heavier demand for sugar for the canning season; a late coffee crop in Brazil which led to tight supply prospects.

Bread was boosted a cent a loaf in several cities. Bakers pointed to higher costs for flour, shortening, sugar and other ingredients, as well as labor. Some said they were working on the smallest profit margins in history. One Chicago baker said the industry also feared it might be caught with short profit margins if the government should freeze bread prices as a result of the Korean war.

Refined sugar advanced 20 to 30 cents a hundred pounds at wholesale. This won't mean much of a retail boost, but the prospects were enough to touch off some heavy buying by housewives remembering the last war. Suppliers assured consumers that sugar was plentiful—and that more was available in producing areas if the nation needed it.

Sharpest Advances

The sharpest advances were for the most popular cuts of pork. A survey of chain store prices for center-cut pork chops showed increases ranging from two to 12 cents a pound, with extremes of as much as 20 cents, over last week-end.

Beef also advanced irregularly, but the biggest jump reported by the same big chain was eight cents a pound. One smaller store chain in New York announced a special on porterhouse steak at 20 cents a pound cheaper than last week, and sirloin down 10 cents. Lamb was unchanged to as much as 14 cents a pound higher. Frying chickens were unchanged to eight cents a pound higher and top grade eggs were up four cents a dozen in many stores.

The Agriculture Department said meat prices could be expected to rise if the Korean situation led to stepped-up government spending for military supplies. Meat buying usually is stimulated by surges in national income. In addition, this is the season when cattle and hog marketing is at the

lowest level of the year, and livestock prices are high.

Coffee Increases

Coffee roasters this week started a fourth round of two-cent-a-pound increases since late June in the wholesale price of vacuum-packed brands. These increases were blamed mostly on the drought-delayed crop in Brazil which led to tight supply prospects.

Bread was boosted a cent a loaf in several cities. Bakers pointed to higher costs for flour, shortening, sugar and other ingredients, as well as labor. Some said they were working on the smallest profit margins in history. One Chicago baker said the industry also feared it might be caught with short profit margins if the government should freeze bread prices as a result of the Korean war.

Suppliers assured consumers that sugar was plentiful—and that more was available in producing areas if the nation needed it.

Alike Normal Buying

The president of the nation's largest food trade organization, Paul S. Wills of Grocery Manufacturers of America, issued a statement saying food supplies are abundant and it's just plain common sense for the American people to keep their food purchases on a normal basis.

"In that way supplies will remain in good balance with demand and prices will be stable," he added. "When people become panicky and start hoarding they create shortages and run prices

BETTER

.... Naturally

up. They have only themselves to blame."

Wills also said that because of extensive plant improvements and new machinery installations made in the past four years, the grocery manufacturing industry is better able than ever before to meet the food needs of civilians and the armed forces.

The Agriculture Department reported grain crops are expected to be ample this year to meet all needs for food and feed. Wheat also is available in government stocks in event of any shortage. Soybean production may reach a new record.

On produce shelves this week, several fresh fruits and vegetables were lower, including blackberries, currants, raspberries, cabbage, carrots, golden heart celery, cucumbers, peaches, watermelons and tomatoes. Somewhat higher were onions and potatoes.

The Dun & Bradstreet wholesale food price index climbed nine cents this week to \$6.28—highest since early December of 1948

but still well below the record high of \$7.38 just two years ago. A year ago the index was \$5.68. The figure represents the total cost at wholesale of a pound each of 31 foods in general use.

Korean Sentenced

Yokohama, July 13 (AP)—A Korean residing in Yokohama today was sentenced by a U. S. military court to five years in prison for distributing leaflets criticizing United Nations action in Korea. The prisoner, Den Ko Bok, 25, passed out circulars calling on Japanese laborers to refuse to help crate or load warbound arms shipments.

20 Workers Killed

Berlin, July 13 (AP)—Twenty workers were killed and more than 50 injured in a train wreck in the uranium mining section of Russian-occupied Saxony last night, the Soviet licensed ADN news agency reported.

Report Less Polio

New York, July 13 (AP)—There have been 218 fewer cases of polio in the nation this year since March 18 than during the same period last year. The National Foundation for Infantile Paralysis reported yesterday that since the start of the so-called "disease year" in March, polio cases totaled 2,053. There were 2,271 cases in the same period of 1949. Cases before March 18 are listed as part of the previous year's epidemic. March 18 is the date at which new cases are at a seasonal low.

Germany to Japan. They were geared for battle today with alert, confident eagerness.

"I wish they had forgotten my name this time," said Staff Sgt. William M. Kofmehl, Spokane, Wash., tail gunner on our abortive flight and veteran of the European air war. "But maybe it's better to get it over with now instead of getting pushed around all the time like we've been doing."

Planes and Experience.

They know they have the planes and experience to master this kind of war—and they know, too, what it was like for the infantrymen on the ground, most of them untested before two weeks ago, to be outnumbered and outgunned.

"I sure hope our bombs help," Tech. Sgt. Robert Asher told Flint O. Dupre, a former Dallas newspaperman. Dupre as fear public information officer flew in one of the planes reaching the target.

Asher, engineer on that ship, comes from Riverside, Calif. Dupre said that over the target area the weather closed in so tightly that his aircraft commander, Lt. Norman B. Hemingway, Miami, Fla., had to climb 500 feet to be sure of avoiding his wing plane.

Dog on Chain Is Attacked by Fox

A rabid fox has attacked and infected a dog owned by John Smith, R.D. 4, Highland. The dog was chained in the back yard of the Smith house when the attack occurred.

Although there was no visible lesions observed on the skin of the dog it was kept confined for a period of six weeks and following this incubation period, the dog showed signs of rabies, restlessness and frothing at the mouth.

The dog was destroyed and the carcass sent to the State Laboratory in Albany where tests confirmed the presence of rabies.

No dog is safe from infection by wild animals, Dr. Hoppenstedt, public veterinarian of Ulster county, warns. He urged all dog owners take advantage of the free rabies inoculation clinics and have their dogs protected from this disease. In so doing, Dr. Hoppenstedt says, the most common source of infection to man will be effectively checked.

These clinics will be held during July and August at various points in the county.

Regulations Wiped Out

Prague, Czechoslovakia, July 13 (AP)—Communist President Klement Gottwald today issued a decree wiping out all prewar Czech army regulations and replacing them with new ones inspired by Soviet experience. The official Czech news agency, reporting the decree, did not make public the military discipline order. The Ministry of Defense said it would not be published. But a supple-

mentary order described the regulations in general terms as eliminating the idea that officers are a "special caste," instituting a "system of praise and rewards for exemplary soldiers and capable leaders," and guaranteeing justice to every soldier.

The U. S. Department of Agriculture recommends the insecticide toxaphene for ticks, lice and hornflies on all livestock except dairy cows.

Enters Second Month

New York, July 13 (AP)—A strike of 400 C.T.O. American Newspaper Guildsmen against the New York World-Telegram and Sun entered its second month today with no indications a settlement was in sight.

The Guild members, editorial and business workers, struck the big afternoon daily June 13 to back their demands for increased wages and other contract changes. A.F.L. mechanical union members refused to cross Guild picket lines, halting publication of the paper.

Numerous mediation sessions have been held but there have been no reports of progress. The next session is scheduled for Monday.

Exposure to sunlight results in the formation of vitamin D in the body, but the best natural source is the liver of salt-water fish, especially cod and halibut.

Census Figures Disturb Mayor

When census figures for Dutchess county were released Wednesday, Mayor Graham expressed disappointment that Poughkeepsie had gained only 503 in population.

The mayor saw lack of new housing as the reason for the small percentage of growth. "There just weren't enough housing units to go around, so people obviously moved out into the surrounding towns," he said.

Poughkeepsie's population, according to the census, is 40,581. Ten years ago it was 40,478.

Wilbur R. R. Winans, secretary of the Chamber of Commerce, termed the Poughkeepsie population figure "disappointing and dubious."

In view of a state health department estimate of 42,887 for the city, Winans said the Poughkeepsie census figure would "bear investigation" to make sure the city had received full credit for all its residents.

Says Carrier Is Afloat

Tokyo, July 13 (AP)—A navy spokesman said today "the United States Navy carrier on duty in the Western Pacific is still very much afloat."

The 27,000-ton Essex class carrier Valley Forge had been rumored sunk.

Shipping Is Offered

Taipei, Formosa, July 13 (AP)—The Formosa Mercantile Association today offered General MacArthur use of commercial shipping up to 100,000 tons for the Korean war.

Catskill Trip Is To Be Made on 9W For Special Rites

Residents of the Kingston-Saugerties area who travel to the point on Route 23A where eight miles of the Catskill Thruway will be formally opened tomorrow are expected to make the trip over

Route 9W, it was announced today.

The eight miles of the route from Route 212 near Saugerties to Route 23A will not be opened officially until after the ceremony at 11:30 a. m., when Governor Thomas E. Dewey will deliver a short address and cut the ribbon to open the road.

Senate Majority Leader Arthur H. Wicki will introduce the governor and several state and county officials will attend. Greene county will also be represented by an official delegation.

Spirited Playing By Pianist Marks Quartet Opening

The first concert of the sum-
mer season of the Woodstock
String quartet in Kingston was
held last night, featuring Yvonne
Drulan, pianist, and Madeleine
Wood, contralto, in the hall of
the St. James Methodist Church.
The same program will be played
in Woodstock Friday evening.
The program opened with the
Tachakowsky String Quartet in
D major, Opus 11—pleasing mu-
sic and well rendered.
Madeleine Wood was soloist in
"Dover Beach" by Samuel Bar-
ber, for voice and string quartet.
The music and words of this
work are remarkably well inte-
grated and Mrs. Wood achieved a
masterful performance in a
strong setting.
Yvonne Drulan played a group
of piano selections, with particu-
larly warm and spirited inter-
pretations of the last two—Men-
delsohn's "Song Without Words,"
and Katchaturian's "Toccata." The
piano selections were well re-
ceived and Miss Drulan was
called back for two encores.
The last group of quartet se-
lections was highlighted by the
beautiful Bloch composition, "Night,"
played with exceptionally
fine perception—A.D.

Warion-Meyers Nuptials Held

Mrs. Helen Meyers, 125 Grand
street, was married Saturday to
Edward A. Warion, 124 Newkirk
avenue, at St. John's Church in
Stony Hollow. The Rev. James
Riordan officiated, and the at-
tendants were Mr. and Mrs. Mi-
chael Grega, sister and brother-
in-law of the groom.
The couple left for a honey-

High, Low Necklines Mark Fall Fashions; No Middle Ground

New York, July 13 (AP)—Neck-
lines on next fall's fashions will be
either very high or very low. There
is no middle ground.
Some are collars which extend
to the ears, and others are cut
both low and wide, to reveal vast
expanse of feminine chest and
shoulders.
An exponent of the high neck-
line is the French Jacques Fath,
now turning out mass production
dresses, suits, coats, and even
hats for American consumption,
while continuing his couture busi-
ness in Paris.
He shows a suave group of slim,
trim, understated dresses and
suits in which the theme is
strictly puritan. His tailors,
mostly in the newly popular char-
coal gray, are high of neck, slim of
skirt, trim of waistline and gen-
erally cut to the specifications of
the U.S. career girl.
Definitely on the other side of
the fence is designer Mark Moor-
ing, a Texas boy who has been
turning out upper-bracket custom
gowns for customers of one of
Fifth avenue's most famous shops
and who recently has joined the
wholesale house of Capri. In his
first wholesale showing, Mr. Moor-
ing goes in for necklines that re-
veal rather than conceal, using
various devices, such as the ex-
tended V, the keyhole and the wide
cuffed boat neckline to
dramatize the chest and shoulders.
In one case Mr. Moor-
ing produces a startling effect in a black
crepe cocktail frock with neckline
so low-cut that it looks impossible
for it to stay in place. A closer
look reveals that the bodice top is
made of flesh-colored net,
sprinkled with rhinestones, so that
it looks as if the tiny gems were
engraved upon the skin.
Both designers, however, agree
on the return of feminine curves,
and there is not a flat-chested
gown in either's collection. Waist-
lines are nicely nipped, and curves
are rampant.

After Glasco Wedding

Mr. and Mrs. John Mayone, Jr., are caught by the photographer
as they drive away from St. Joseph's Church in Glasco after their
wedding. The bride is the former Edith Ferraro, daughter of Mr. and
Mrs. James C. Ferraro of Glasco. (Brentwood Photo)

Miss Edith Ferraro Becomes Bride Of John Mayone, Jr.

Miss Edith Ferraro, daughter
of Mr. and Mrs. James C. Fer-
raro of Glasco, became the bride
Sunday of John Mayone, Jr., son
of Mr. and Mrs. John Mayone,
also of Glasco, in a double ring
ceremony performed by the Rev.
Archibald Damm in St. Joseph's
Church in Glasco.
Soloists were Edward Mayone
and Miss Theresa Sasso, who also
played the organ. The church was
decorated with pink gladioli.
Given in marriage by her fa-
ther, the bride wore a gown of
white satin with fitted top, Peter
Pan collar, full skirt, and a long
train. Her veil was caught to a
headband of seed pearls, and she
carried a bouquet of white roses
with lilies of the valley.
Marietta Mayone of Glasco,
sister of the groom, was maid of
honor, wearing an ice blue nylon
tulle gown with a headpiece of
fresh pink roses and a matching
bouquet.
Bridesmaids were Miss Gene-
vieve Secreto and Miss Lillian
Petramale. They wore strapless
gowns of pink nylon tulle with
capes of imported Italian lace and
headpieces of matching heart-
shaped and sweet peas.
Flowergirl was Miss Anne
Marie Sasso, cousin of the bride,
who wore a gown of white nylon
net and carried an old fashioned
bouquet.
The best man was Salvatore
Ferraro of Glasco, brother of the
bride, and the ushers were Mi-
chael Caccchiolo of Glasco and Mi-
chael Mattsey of East Kingston.
Joseph Pese, nephew of the
bride, acted as ringbearer.
After a reception at Gislano's
in Port Ewen for more than 600
guests, the couple left for a tour
of the southern states and a visit
in Texas. For traveling the bride
wore an aqua sharkskin suit with
white accessories and a corsage
of red roses. Upon their return,
they will live in South Flatbush,
Glasco.
The groom operates his own
trucking business.

Children at Home Prepare for Camp; Enjoy Picnics

Picnics and talk of the ap-
proaching camping season are
keeping the boys and girls at the
Children's Home happy and busy.
Mrs. Margaret White, superinten-
dent, said today.
Fourteen boys and 15 girls are
preparing to go off to camp July
30 for two weeks. In the mean-
time, outside friends are ente-
taining the children at many out-
door picnics, she said.
Mrs. White also reported that
two "graduates" of the home,
young men, one 18 and one 22
years old, returned for a visit and
shared the fun of the children at a
picnic.
The home now has 31 children,
all but two of whom will go to
camp for two weeks. Those two
are not of camping age. Mrs.
White said. The others are eight
to 14 years old.
The boys will go to the Y.M.C.A.
camp and the girls to the Girl
Scout camp near Wallkill. The
Lions Club has paid camp expenses
for three of the children, Mrs.
White said.

Woodstock Playhouse Music Season Opens Sunday With Opera

The Music Theatre of the
Woodstock Playhouse will in-
augurate its first season of sum-
mer serenade concerts on Sunday
evening, July 16 at 8:45 o'clock
in the Playhouse.
Featured on the opening con-
cert will be a performance of
Gian-Carlo Menotti's opera, "The
Telephone" with Marilyn Cottle
and Paul Kwartin of the original
Broadway cast. Broadway critics
acclaimed the artistry of Men-
otti's work. John Chapman said
"The Telephone" was "an
exciting stage novelty. Provided
one of the most stimulating per-
formances of the playgoers
years." Olin Downes of the New
York Times expressed his enthu-
siasm with "... Rings the bell, it
is good theatre throughout, lively
tuneful music." "The Telephone"
will be staged by Lucia Victor
with special settings by Richard
Harrison Senie.
Included on the program of the
serenade concert, of which Elie
Slegmeister is conductor, will be
the works of Mozart, Revueltas,
Bach and Prokofiev. Reservations
may be made by calling Wood-
stock 2015.

Kimmel Is Ill
New London, Conn., July 13 (AP)—Rear Adm. Husband E. Kimmel (U.S.N.-Ret.), is seriously ill after suffering a heart attack. The admiral, who was in command of American naval forces at Pearl

Harbor December 7, 1941, the day the Japanese attacked the Pacific Fleet, became ill last Friday. He is at the submarine base dispensary. His condition is described as not critical.

Whalen-Amato Troth Announced

Good Taste Today

THE WEDDING CARE

A number of brides have asked the following: (1) "Should the little figures of the bride and groom which typically decorate the top of a wedding cake face the bride and groom, or the guests?" (2) At a sit-down table where is the cake placed? and (3) When during the meal do the bride and groom cut their first slice?

(1) The figures face the bride and groom. (2) In front of the bride and groom. (3) At dessert.

Be Definite About the Meal
Dear Mrs. Post: Correctly, should one call a meal by the name which most nearly describes it, or be governed by the time of day and section of the country one is in? My husband thinks the order is breakfast, dinner and supper regardless. I think if we are having a main meal in the middle of a day, we should invite people to dinner; if it happens to be a light meal we should say lunch. Otherwise, wouldn't we mislead people?

Answer: You are quite right. Not that it matters to your guests whether they are expecting to sit at a dinner table and find themselves at luncheon or supper, but dinner is definitely more substantial than either lunch or supper.

Gifts to Christening Party

Dear Mrs. Post: Before we went to a christening party (following a private baptism in the church) I consulted your book and found nothing about taking gifts to the baby on this occasion. We took none, and were very embarrassed on arriving to find ourselves the only ones empty-handed. Was this just a local custom?

Answer: There is no rule, nor is a present ever a requirement. Generally, however, people send a present as soon as they hear of the birth of the baby, some take a present to the christening and others send it afterwards.

Personal Notes

Mrs. W. Dean Hays, 110 Fair street, has returned from a three-week vacation at Harmony Hall, Bermuda. She was accompanied by her niece, Mrs. Evelyn Green of New York. Mrs. Hays is now entertaining her sister-in-law, Mrs. Jesse C. Deyo of Union, N. J.

Mr. and Mrs. Harvey Finch and their son, Ronald Finch, of 27 St. Mary's street, have just returned after spending a week at North Bay, Ontario.

Mr. and Mrs. Donald Herring of Ulster Park gave a surprise buffet supper last week in honor of the 44th wedding anniversary of Mr. Herring's parents, Mr. and Mrs. Leslie Herring. Guests included Mrs. John J. Finerty and sons, John and Donald, of Kingston, Mr. and Mrs. Walter Henry and son, Jonathan, of Highland, Mr. and Mrs. Chester Wells, Mr. and Mrs. Ralph Wells and sons, Roger and Raymond, and Mrs. J. Hudson Cole of Ulster Park.

Erza Griffin is celebrating his 92nd birthday today at the home of his daughter and son-in-law, Mr. and Mrs. Harry J. Beatty of the Beatty Farm, Hurley avenue.

Mr. and Mrs. Raymond Radcliff, 50 Adams street, are receiving congratulations on the birth of a daughter, Betty Lou, on July 3 at Benedictine Hospital.

John P. Constantine, son of Mrs. Helen Coons, 203 Washington avenue, has completed his first year at the University of Washington, Seattle, Wash., where he is majoring in psychology.

Bristol Sweeps Series From Colonials, 5-1; Waterbury Here Tonight

Locals Fail Again In Clutch; Leave 11 Men Stranded

Owls Replace Kingston as League Leaders

There is nothing wrong with our slump-ridden Colonials that a few timely base hits couldn't cure. A few more lineup changes last night failed to produce the desired results as Bob Zupnik, stocky Bristol Owl right hander, felled the locals with a five-hitter, 5 to 1.

Johnny Manopoli, who was stung quickly by the 1949 league champions, was tagged with the loss.

By sweeping the two-game set the Owls moved into first place with a percentage record of .714.

Doyle to Quit Po'keepsie Chiefs

Bridgeport, Conn., July 13 (AP)—Bob Doyle, pitcher-pilot of the Poughkeepsie Chiefs of the Colonial Baseball League, said he'll resign after tonight's game with Bridgeport here.

While Doyle declined to amplify his statement, President Phil O'Hara of the Chiefs said that Doyle was being relieved to accept a job in a league of higher classification. The Colonial is a Class B loop. He wasn't more specific.

Doyle led Poughkeepsie to the Colonial League first round title and has a 7-2 mound record.

Colonial walks in the sixth. Hurtt's three rallies, one to pinch hitter Placentino, set up a bases-loaded, two-out situation which Charles Aspermonte ended with a pop to short.

Frank Merola singled to launch the fourth and Ralph Matzer was safe when Hennessey's throw pulled Escalera off the bag. Karson slapped a vicious line drive to his favorite sector in right center but DiBuono was playing him perfectly. Further hopes faded when Walther jammed into a DP.

Joe Sposo got on base three times with a couple of singles and a hit batsman. Kelly and Escalera each had a brace of safeties for Bristol.

Waterbury comes in for single engagements tonight and Friday. The long week climaxes with Saturday night's exhibition against the Albany Senators of the Eastern League.

Elsewhere in the Colonial League last night, the Waterbury Timers, who open a two-game series at the stadium tonight, pushed the Bridgeport Bees deeper into the cellar by scoring a 6-2 victory.

Pat DeLucia's big bat accounted for a home run, triple and single in the triumph. Bridgeport, loser of seven straight, has not won a game since the second half of the league season started a week ago.

Meanwhile, the Torrington Braves and Poughkeepsie Chiefs split a doubleheader at Torrington, the Braves winning the opener 8 to 1 and the Chiefs the nightcap 8 to 5. Manager Bob Doyle struck out 13 men for Poughkeepsie in the after piece.

The Colonials had a few gorgeous opportunities to break through Zupnik, who recorded his fifth victory in six Colonial League starts, but the timely blow never materialized. It took an infield out by Johnny Walther in the sixth to escape the supreme indignity of a shutout.

Field Changes Fall.

Manager Gall benched the slumping Sam Placentino, moved Al Gerard to left field and promoted the Puerto Rican to the cleanup spot for the first time this season.

It was Gerard's bloop single to left that started a promising

to Kingston's .687 and left the impression that the team that beats them will win the second half pennant.

Although Zupnik's five-hitter glistens in the boxscore, the fact remains the Colonials left 11 runners stranded. Add these to the 27 for the previous two games and you get the staggering total of 37 L.O.B.s in 27 innings.

Homer Settles Affair

Dick Jok's solid home run smash over the left field barrier with two aboard in the first inning settled the game then and there. Manopoli fanned leadoff Warren Hurtt but walked Dick Kelly and yielded a single to Satoh Escalera, the league's top hitter. Jok picked this spot to rifle a fast ball far over the left field barrier for a 3-0 lead.

Valvano's walk, Hurtt's fluke triple to right and Kelly's one-timer boosted the Bristol margin to 5-0 in the second inning. Manopoli closed shop until the seventh when Lefty Tony Placentino took over to pitch three scoreless frames.

Tierney to Face Chezzies Tonight

Bil Tierney, the converted infielder-pitcher, has been named by Manager Danny Perlmutter of Boulevard Gulf, to oppose Chez Emile in an important City League game tonight at the Athletic Field.

In last night's scheduled fray, Old Capital Motors won a forfeit decision from Wiltwyck Motors when the latter club failed to field nine men. The Capitals then went on to win an exhibition game scheduled between the two clubs.

Boulevards are currently in second place one length behind the pace-setting Jones Dairy squad. Chez Emile, in third place, is a game and a half off the pace.

Lefty Bud Swarthout is the probable starter for the Chezzies.

Secretary Eddie Murphy announced today that there will be an important meeting of all league managers tonight after the game in the secretary's booth on the field.

Regatta to Return To Marietta Again

Ithaca, N. Y., July 13 (AP)—Marietta, O., will be the scene of the "Poughkeepsie Regatta" on June 16, 1951—for a second straight year.

This was decided yesterday by the Board of Stewards of the Intercollegiate Rowing Association after a two-day meeting at Cornell University. The stewards considered invitations from six other cities—Poughkeepsie, Syracuse, Seattle, Tacoma, Chicago and Geneva, N. Y.

The stewards took no action regarding the site of the races after next year's renewal, which will be the 49th annual regatta known as the "World Series" of American collegiate rowing.

Prior to this year, Poughkeepsie had the race all but two times. It was staged at Saratoga Lake, N. Y., in 1898 and at Lake Cayuga, N. Y., in 1920.

Ted Williams Goes Under Knife Today; Bosox Still 'Up'

Boston, July 13 (AP)—Ted Williams, the Boston Red Sox \$125,000-a-year outfielder, undergoes an operation for a fracture of the left elbow today, but his teammates still have their sights set on the American League pennant.

There is a good possibility Williams will be out for the rest of the season," orthopedic surgeon Joseph Shortell said as he prepared to perform the operation at Santa Maria Hospital in Cambridge.

But the Red Sox took the news of their lanky slugger's injury as "part of the game" and refused to admit they were out of the pennant race, although eight games behind the front-running Detroit Tigers.

Clyde Vollmer will take over left field and bat in Ted's No. 3 spot.

Williams suffered his injury after hauling down Ralph Kiner's long smash in the first inning of the All-Star classic in Chicago's Comiskey Park Tuesday.

DeWitt Lake Races Are Set for July 23

The fifth annual DeWitt Lake swimming races, announced in Wednesday's edition of The Freeman will be held Sunday, July 23, Lou Schafer pointed out this morning.

A record entry list is expected including a top field from the Newburgh Y.M.C.A. team which dominated last year's girls and women's features.

Waterbury Comes Here Tonight

Waterbury comes in for single engagements tonight and Friday. The long week climaxes with Saturday night's exhibition against the Albany Senators of the Eastern League.

Elsewhere in the Colonial League last night, the Waterbury Timers, who open a two-game series at the stadium tonight, pushed the Bridgeport Bees deeper into the cellar by scoring a 6-2 victory.

Ward Is Ousted

Binghamton, N. Y., July 13 (AP)—The New York State Amateur golf tournament moved into the second of 22 today—minus one of the favorites, John Ward of the Syracuse Yacht and Country Club was ousted yesterday by young Johnny Cwik of Poughkeepsie, I.B.M. Club champion who toured the par-70 Binghamton Country Club course in 69 for a one-up victory.

Set for Inverness

Toledo, O., July 13 (AP)—A "sweet 16" of America's top-drawer golfers tee off today in one of the country's unique tournaments—the \$15,000 Inverness Invitational four-ball matches. This is the 13th of the odd best-ball classics—each a birdie barrage of the highest type—but no one has become too familiar with the scoring system. The 16 stars, all but one in the top 25 money winners—and all far up in the Ryder Cup and Vardon Trophy races—are split into eight teams. Each pair plays each other pair in 18-hole match play, the matches going the full route.

Subway Grill Leads City Softball League Standings by Half a Game

Subway Grill holds a half game lead over Bence's Grill in the City Softball League standings according to latest statistics released today.

The Subways have chalked up 11 victories in 13 starts while the runnerup Bence's club has posted 10 wins in 12 games.

The league leaders pounded out a 14 to 4 victory this week over Jesse's Tavern with Tom Spada going the route and pitching a neat four-hitter. The winners posted 14 hits off the offerings of Charlie Dasher.

Frank Spada, Al Hunt, Bob Schatzel and Patsie Brown connected for homers. Schatzel's clutch was a grand slam in the sixth inning.

Score by innings:
Jesse's 200 02 0 0—4 4 2
Subways 100 02 11 x—14 14 0

In a free-hitting contest, the Skyliners outlasted B'nai B'rith to post a 16 to 11 victory at Block Park. Moe Osterhout went all the way for the win while Dan Basch, Ben Toffel and Shelly Levy toiled for the losers.

Pete Boelukes of the Skyliners

walloped the lone homer of the game.

Score by innings:

Skyliners ... 512 160 1—16 17 2
B'nai B'rith ... 001 310 6—11 18 5

Batteries—Basch, Toffel, Levy and Halpern; Osterhout and Amarello.

Overcoming a 3-1 deficit, Chez Emil finished strong in the late innings and downed Miron Lumber by 7 to 4 this week at the Upper Hasbrouck diamond.

Ben Freer and Babe Riggins worked for the winners while Buddy Smith and Joe Kozlowski formed the batter for the Lumbermen.

Joe Norton poled a homer for the losers.

Mrs. Gordon E. Wilcox, new president of the Highland Council of Church Women, has called a meeting for Tuesday, July 18 at the Presbyterian manse where Mrs. Oscar Jelasma will be hostess.

There are plans for Community Day to be observed in November as well as local affairs to be discussed. This is a quarterly meeting and will be held at 8 p. m.

Carl J. Larrabee, the new agriculture teacher in the Central school, took over his duties July 1 and will visit students during the summer to inspect their projects and direct the projects assigned the boys. Mr. Larrabee has attended a five day conference at Farmingdale.

Miss Carol Korman is spending two weeks with relatives in Philadelphia.

Playground activities opened on the school grounds that will continue until August 18, while the recreation center stays open until

after Labor Day. Last Sunday about 20 adults and children were at the center for swimming. Life guards stationed there are William Kurtz, John Schneider, Carl J. Larrabee. At the playground are Frank LaFalce, Misses Eileen Germiller, Dorothy Cristaldi. The latter is physical instructor at Livingston Manor. There the children have archery, baseball, softball, basketball, horseshoes for outdoor sports. Inside is pingpong, checkers, table tennis. On Wednesday and Friday everyone goes for swimming instruction and each day at 4 p. m. movies are shown at the school. So far attendance runs from 70 to 75 children with ages from 5 to 18 years. For swimming the school children are admitted free, taxpayers' season tickets are \$2 and others pay 25 cents for use of the water. Free golf lessons may be had at College Hill, Poughkeepsie, and transportation is furnished. Coach LaFalce will attend the coaching conference at R. P. I., Troy August 20 to 26.

Mr. and Mrs. Harry Pearson, St. Petersburg, Fla., were Monday night guests of Mr. and Mrs. Oliver Trillon.

To Continue Bases

Washington, July 13 (AP)—The Defense Department said today it will keep in operation three air bases in the Aleutian Islands—Shemya, Cold Bay and Adak. It notified Senator Magnuson (D-Wash.) of its reversal of an earlier decision to close them. Magnuson told a reporter the bases, which provide the shortest route to Tokyo, were to have been closed for economy reasons but that the situation in Korea had caused a change in the plans. Shemya, which has cost \$100,000,000, is 1,500 miles from Fairbanks, Alaska and 2,000 miles from Tokyo. Magnuson said it is 2,000 miles shorter than the mid-Pacific route via Honolulu.

Two Climbers Killed

Zinal, Switzerland, July 13 (AP)—Two Swiss mountain climbers fell to their deaths yesterday while attempting to climb 13,000-foot Zinal Rothorn. They apparently were struck by lightning during a freak storm which lasted only a few minutes and fell nearly 2,000 feet to a glacier, where their bodies were found.

Communists Blamed

Tokyo, July 13 (AP)—The Japanese press said today police blamed Communists for sidetracking a 17-car freight. The train ran into a station building near Yuzawa in Akita prefecture Tuesday. The engineer and one other person were hurt. The engine, tender and two box cars overturned.

Strikes and Steel Shortage Hitting Auto Production

Detroit, July 13 (AP)—Supplier strikes and a shortening of steel gave concern today for the booming production of the auto industry.

Two strikes already have slowed assembly lines in some plants.

The steel supply problem, however, loomed as more serious. Heavy production in industry generally has cut into steel stocks. The auto industry itself has been producing at all-time record rates. President Truman was said to be considering a request to Congress for stand-by power to allocate steel and other critical materials because of the Korean war.

The Ford Motor Co. thought for a brief time yesterday it might have to eliminate Saturday overtime work because of reduced steel supplies. But after rechecking the problem, the company said it would continue overtime production at 10 of its 15 Ford assembly plants this week-end. It has operated from seven to all 15 of these plants each Saturday on overtime this year. Ford said its only curtailment would be a reduction from five to four days a week for the remainder of this month at its

Metuchen, N. J., and St. Louis Mercury plants.

At the same time Ford said a strike at the Budd Co. plant in Philadelphia would force a 20 per cent cut in truck production starting today. Ford depends on Budd for truck doors and other stampings.

In Toledo, O., Willys-Overland said a strike at the Warner Gear division plant of Borg-Warner Corp. in Muncie, Ind., would force a shutdown of its final assembly lines today.

At Willow Run near here, Kaiser-Frazer Corp. already has halted one of its two final assem-

bly lines because of the Warner strike. Warner makes transmissions for both Willys and K-F.

The Warner strike was also a threat to Chrysler, Nash, Studebaker and other auto firms. It forced Ford for the past several days to make all its Ford and Mercury cars without overdrives, which are optional equipment obtained from Warner.
